28-30th MARCH 2021 | DAMMAM, SAUDI ARABIA

10TH SYMPOSIUM & EXHIBITION ON ENVIRONMENTAL PROGRESS IN THE PETROLEUM & PETROCHEMICAL INDUSTRY

UNDER THE AUSPICES OF:

CALL FOR PAPERS

www.PetroEnvironment.org

Uniting leading-edge knowledge sharing and efficient business networking...

The board of the Environmental Technical Management Association (ETMA) is pleased to announce that the 10th Symposium and Exhibition on Environmental Progress in the Petroleum and Petrochemical Industry "PetroEnvironment" will be held from the 28-30th March 2021 in Dammam, Saudi Arabia.

PetroEnvironment is the **premier environmental forum** in the Gulf gathering environmental practitioners, policy makers, engineers and scientists from the petroleum and petrochemical industries. It connects the leading energy companies with the global environmental community within two outstanding events:

1. An interactive symposium where strategic and technical topics are discussed at length
2. A commercial exhibition where companies can showcase their expertise and services to end-users & decision-makers

A COMPREHENSIVE PLATFORM

SPEAK AT PETROENVIRONMENT 2021

Turn over for details of how to submit an abstract and apply for your chance to speak at PetroEnvironment 2021.

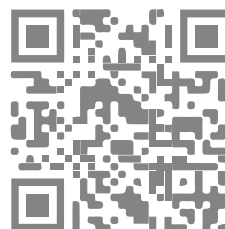

THEME:

"Environmental Opportunities for Global Sustainability"

The steering committee would like to invite all those with relevant specialist knowledge to submit a white paper application for a speaking slot.

The conference will be of a technical nature, exploring case studies, discussing research projects and how challenges can be tackled in the short and long term.
